**ABSTRAK**

PT. Perkebunan Nusantara IX saat ini belum memiliki sistem informasi untuk mengelola data produksi, sehingga tidak adanya koordinasi antar bagian sehingga tidak mendukung jalannya proses bisnis dalam mengambil keputusan. Berdasarkan fakta yang ada, penulis membuat penelitian yang bertujuan merancang Enterprise Architecture Sistem Informasi Prroduksi Karet Sheet PT. Perkebunan Nusantara IX berdasarkan framework The Open Group Architecture Framework Architecture Development Method (TOGAF ADM) agar dapat memberikan hasil blueprint (cetak biru) Teknologi Informasi yang terintegasi, cepat, akurat dan tepat.terciptanya Enterprise Architecture. Pada perancangan Enterprise Architecture digunakan metode The Open Group Architecture Framework Architecture Development Method ( TOGAF ADM) yang berfokus pada Preliminary, Arcitecture Vision, Business Architecture, Information System Architecture dan Technology Arcitecture

Kata Kunci : The Open Group Architecture Framework Architecture Development Method (TOGAF ADM), Enterprise Architecture

**ABSTRACT**

PT. Perkebunan Nusantara IX does not currently have an information system to manage production data, so there is no coordination between sections so it does not support the running of business processes in making decisions. . Based on existing facts, the authors make a study aimed at designing Enterprise Architecture Information Systems Rubber Sheet Production PT. Perkebunan Nusantara IX is based on the framework of The Open Group Architecture Framework Architecture Development Method (TOGAF ADM) in order to provide blueprint (blueprint) Information Technology that is integrated, fast, accurate and precise. The creation of Enterprise Architecture. In the design of Enterprise Architecture used The Open Group Architecture Framework Architecture Development Method (TOGAF ADM) which focuses on Preliminary, Architecture Vision, Business Architecture, Information System Architecture and Technology Architecture

Keyword : Keywords: The Open Group Architecture Framework Architecture Development Method (TOGAF ADM), Enterprise Architecture
